leadership is more than having a knack for predicting trends a head for numbers or years of experience to draw upon it is also about intuition this upcoming book is for managers and executives who are looking to sharpen their leadership capabilities and who have the courage to learn more about themselves and how to use their instincts to lead others the core of this practical book is comprised of ten laws of leadership that author peter mcginn a healthcare ceo has developed in his more than twenty years of experience

leading managing and developing people is critical reading for all those studying the cipd level 7 advanced module in leading managing and developing people as well as all hr and l

d practitioners it provides extensive coverage of the aims objectives and contribution of hrm such as the scope and nature of human resources hr s role when organisations grow and how to ensure professionalism and ethical behaviour when managing people this book also includes discussion of major contemporary themes in leading managing and developing people including leadership development flexibility agile working and the psychological contract this ensures that readers are fully prepared to lead manage and develop staff in the new world of work with rigorous academic underpinning and clear theoretical exploration leading managing and developing people also includes practical advice on key activities including recruitment job design performance management motivation and reward supported by online resources including an instructor s manual lecture slides international case studies example essay questions and annotated web links this is an indispensable guide for both students and practitioners

change in organizations is all about people it is people who plan prepare for and implement change and who are affected by it in the daily course of their work however there is a tendency to focus on the more technical and quantifiable aspects of implementing organizational change programmes whilst ignoring the complex ways that these will impact individuals providing an evidence based analysis of change in organizations managing and leading people through organizational change is written for senior practitioners responsible for change programmes and postgraduate students of organizational change this updated edition demonstrates the importance of understanding the impact of developing technologies including ai as well as how best to implement sustainability and inclusion in the workplace with new material on individual wellbeing and the impact of hybrid working this book sets out frameworks practical approaches and recommendations for communicating with and leading individuals teams and organizations through change full of exercises interviews and real world examples from across the globe this book is an essential resource for leaders and students enabling them to achieve sustainable benefits of change at work

this text successfully blends evidence based guidelines with practical application the new edition is designed to prepare you for the nursing leadership issues of today and tomorrow providing just the right amount of information to equip you with the tools you need to succeed on the nclex and in practice this thoroughly updated edition is organized around the issues that are central to the success of professional nurses in today s constantly changing healthcare environment including patient safety workplace violence consumer relationships cultural diversity resource management and many more

effective leadership and management in health and social care are built on good practice strong relationships and a critical understanding of the wider context in which care takes

place leading managing caring illustrates how leadership and management work in everyday settings providing invaluable support to those practising or studying in the area the book introduces the four core building blocks of the caring manager or leader personal awareness team awareness goal awareness and contextual awareness together these form a firm foundation for understanding and practice drawing on up to date case studies the authors explore how critical theoretical understanding can support practical attempts to work through complex situations with a diverse range of people also included is a toolkit containing carefully selected and practical tools for leading and managing change this comprehensive textbook is suitable for existing and aspiring managers and leaders in a range of health and social care professions or anyone interested in understanding more about the complex landscape in which care services are managed and delivered in the uk

leaders and managers face tremendous pressure to keep their organizations moving forward successfully it can seem like an impossible task amid economic uncertainty and hyper competition the roles of leader and manager tug us in opposite directions managers seek stability and predictability and leaders usually opt for turbulence and change with so many companies asking their best employees to be both leaders and managers it s no wonder that so much of the business world is dysfunctional this guidebook explains how leader managers work and how to succeed in both roles you can learn how to leverage competing requirements for leading and managing change formulate effective operational and developmental strategies make decisions that address complex challenges and opportunities and help people through the anxiety and trauma of change whether you are a student seeking to understand the workplace an employee rising up the ranks or an active leader or manager strategic leadership and strategic management provides you with tools and knowledge to help your organization succeed

being an effective leader and manager means being able to communicate well and be decisive without being rash in order to be effective you need to know the terminology and how to use the tools it s the application a knowledge set and the ability to know when to apply what and how to best apply it the purpose of this book is to set the stage and lay out the context for achieving those goals the old barriers to creating marketing and selling products and services have been drastically reduced in the past decade now small groups and even solo entrepreneurs can harness the power of computers and leverage communications networks and social media to do work and undertake projects that took many more people and resources in the past these opportunities create a new leadership and management challenges as one has to direct the actions of people over which you have no direct control this new environment has big implications for corporate leaders and managers as well fast agile flexible competition is constantly emerging the best way to

compete is to have those techniques in your toolkit and adopt them when appropriate with technical innovations and computational power and connectivity driving many traditional costs toward zero the barriers to organizing enterprises for productive work and innovation have been removed or at least extremely reduced start ups are viable and scaling up is achievable these new opportunities are having a huge impact on the direction and the story of the making and re imagining of the world and the making and re imagining of our individual lives this book is designed to give you an overview of the skills of management and leadership so you can fully participate in this self creation and world creation

leading and managing in nursing 5th edition revised reprint by patricia yoder wise successfully blends evidence based guidelines with practical application this revised reprint has been updated to prepare you for the nursing leadership issues of today and tomorrow providing just the right amount of information to equip you with the tools you need to succeed on the nclex and in practice content is organized around the issues that are central to the success of professional nurses in today s constantly changing healthcare environment including patient safety workplace violence consumer relationships cultural diversity resource management and many more apt for all nursing students and nurses who are working towards being in charge and management roles reviewed by jane brown on behalf of nursing times october 2015 merges theory research and practical application for an innovative approach to nursing leadership and management practical evidence based approach to today s key issues includes patient safety workplace violence team collaboration delegation managing quality and risk staff education supervision and managing costs and budgets easy to find boxes a full color design and new photos highlight key information for quick reference and effective study research and literature perspective boxes summarize timely articles of interest helping you apply current research to evidence based practice critical thinking questions in every chapter challenge you to think critically about chapter concepts and apply them to real life situations chapter checklists provide a quick review and study guide to the key ideas in each chapter theory boxes with pertinent theoretical concepts a glossary of key terms and definitions and bulleted lists for applying key content to practice new three new chapters safe care the core of leading and managing leading change and thriving for the future emphasize qsen competencies and patient safety and provide new information on strategies for leading change and what the future holds for leaders and managers in the nursing profession updated fresh content and updated references are incorporated into many chapters including leading managing and following selecting developing and evaluating staff strategic planning goal setting and marketing building teams through communication and partnerships and conflict the cutting edge of change need to know now bulleted lists of critical points help you focus on essential research based information in your transition to the workforce current research examples in
